"Volunteers are not paid —
not because they are worthless, but
because they are priceless."

Message from your PTO President

The school year is flying by but there are still several fun events left in the year. The PTO is putting together one last movie night June 7th. This will be a free outdoor event so mark your calendars.

Run Club participants are preparing for the Annual Color Run which will take place in conjunction with the FES Book Swap the morning of Sunday, June 2nd. The last spirit night of the school year is scheduled at the Sweet Frog on Route 17 May 6th.

I hope you all were able to participate in this year's "Breakfast Buddies" event and enjoyed a little extra time with your student.

The school year may be coming to an end but we're already planning for next year. If you're able to fill an event coordinator position or interested in discussing volunteer opportunities please do not hesitate to contact me. We need all types of volunteers with all matter of skills. Some positions require very little time commitment but are still vital to our success.

- Katie Willis
