

Summer Newsletter

What a year we have had! I will miss your child so very much. Although the school year has come to an end, opportunities to maintain your child's academic skills are available. Please encourage your child to take advantage of some of these summer distance learning opportunities:

- Google Classroom access will continue to be granted at this time using your child's general education teacher's account. While students can access the material, they may not comment or post to the class discussions. If you would like to download your child's work from this year please do so by June 30th.
- Dreambox will still be accessible to keep your child's math skills sharp!
- A summer reading list has been compiled using Sora by Overdrive. Here is the link for the reading list: [Summer Reading List](#). To get to Sora, use your child's "waffle" and scroll all the way down. You will see a little blue man icon. Click on that icon to access Sora. This is an excellent website to check out books electronically and many have an audio feature.
- Stafford County continues to offer distance learning activities. You will find these opportunities on the Rockhill Web page. To access these sites, click on the "At-Home Learning" tab at the top of the page.

I wish you and your family a fun and safe summer!
