

Parents may view their recorded instructional model and transportation selections for their secondary student's second semester through ParentVue. The assigned student schedule group (A or B) is also located in ParentVue. Here are the steps to access that information:

Through the ParentVue App:

- (1) Open the App
- (2) **Log into ParentVue.** (Please contact your student's school for an access code to ParentVue if you do not have one.)
- (3) If you have more than one SCPS student, select the student you wish to view from the top left.
- (4) Select 'Student Info' from the tabs on the left.
- (5) When the 'Student Info' screen is displayed, you will see an 'Additional Information' section at the bottom right. When clicked on, you will find your child's preferred educational model and transportation information under the 'Other Data' heading.

Through Accessing ParentVue via a Web Browser:

- **Log into ParentVue.** (Please contact your student's school for an access code to ParentVue if you do not have one.)
- If you have more than one SCPS student, select the student you wish to view from the top left.
- Select 'Student Info' from the tabs on the left.
- When the 'Student Info' screen is displayed, scroll down to the bottom 'Other Data Info' section where you will find your child's preferred educational model and transportation information.
- Groups are subject to change to balance class sizes. You will be informed of any changes.
