

Parent Request Not To Serve Student or Cash Only Service

Students at all grade levels are allowed to charge meals. All students who charge will have the option to select the same menu as every other student. We do not offer alternate meals to students with negative account balances. Also, we do not engage in the practice of taking back a student's meal once they have received their tray. Parents requesting School Nutrition not to serve their student must give us permission to take back the meal from their student if they come into the serving line. Please complete and return the document to your student's cafeteria manager or Joe Korzen at korzenjw@staffordschools.net. Check all that apply:

_____ I do not want my child receiving breakfast in the cafeteria

_____ I do not want my child receiving lunch in the cafeteria

_____ I do not want my child purchasing optional ala cart snacks or beverages in the cafeteria

_____ I want my child purchasing breakfast in the cafeteria with cash only

_____ I want my child purchasing lunch in the cafeteria with cash only

_____ I want my child purchasing optional ala cart snacks or beverages in the cafeteria with cash only

I am giving the cafeteria permission to take back the meal or ala carte items from my student(s) if they come into the serving line. This document is valid until notified otherwise in writing.
