

Stafford County Public Schools
Photograph and Electronic Publishing Opt-Out Form

Should you wish to opt your student out of photographs or electronic publishing in Stafford County Public Schools, this form must be completed and signed by the parent or guardian for each student for the 2016-2017 school year. If your student is active in athletics and/or other extra-curricular school activities, such as band, there is the potential for photographing/videotaping of your student. Participation in these activities precludes opting your student out of photographs, videos, and media. Should you wish to discuss this form, please contact your school administrator.

Photographs of Students

Students are sometimes photographed or videotaped while participating in school activities. This is usually done by school personnel or parents, but local newspapers and other media will occasionally take photographs or videotape as part of an article or story. Additionally, the school yearbook, school newspaper, and school division publications frequently take and incorporate photographs in their publications and productions. Some classroom activities also involve photographing of students.

If you do not desire that your child be photographed or videotaped during a school activity, please check the box below:

My child may not be photographed or videotaped by Stafford County Public Schools. (This selection opts your child out of appearing in ALL school publications—including the yearbook—and all external media.)

Electronically Published Student Information

Stafford County Public Schools publishes a variety of information about our schools and their activities on the internet. From time to time, we may wish to include your child's name and/or photograph on our websites. This information may be published in order to recognize achievement or in conjunction with the display of your child's work on the internet. If you do not desire that your child's name, photograph, or work to be published electronically on the internet, please check the box below.
