## Department of Transportation

### My Stop Parent App – School Bus Tracking System Update

The Stafford County Public Schools (SCPS) Transportation Department offers parents and guardians the ability to track their student's bus from a computer or mobile device. My Stop displays the school bus's approximate location on a map, as well as the estimated time of arrival (ETA) to a specific student's bus stop. The retrieval of bus information requires a separate login for each student - **siblings are not linked.**

The MyStop Parent App has an update that needs to replace the current iPhone or Android version on your mobile device. To update the MyStop Parent App complete the following steps:

1. Uninstall the current version of the Tyler MyStop App from your mobile device
2. Open your Apple Store or Android Play store and search for Versatrans My Stop App, or click the link below:

Apple App
