

Welcome to for Education with G Suite!

North Stafford High School

Welcome to Our Nation, #NorthNation! Your New Google Account is Coming.

You're now part of something bigger. We're a school that collaborates with one another through the power of G Suite for Education and you're a part of it!

Your new Google account will be ready to go in just about two days after you enroll. With your new Google account you will be able to login with the free, Chrome Web browser to access everything you need to start collaborating. All of our school devices have Chrome installed. You can even login on any mobile device. G Suite for Education apps are free to download and use. You'll get to keep your Google account for as long as you are a student with us plus one year after you graduate.

Login with your Google account with the following credentials:

- Username:** First ten (10) characters of your last name, the first eight (8) characters of your first name, and the first letter of your middle initial (if you have one) with @scps.net added to the end of your username. Your username is all lowercase with no special characters.
- Password:** Your two-digit month and the two-digit day of your birthday with the last four digits of your student ID added to the end (you will be prompted to change it)

The G Suite for Education You'll Learn to Love.

With Google, you'll have access to the following applications (or apps for short), plus many more:

- **Calendar:** Organize your schedule and share events
- **Contacts:** Manage your contacts
- **Drive:** With Google Drive, you can create, share, and keep all of your stuff in one place. Share files with others, and edit them in real time (unlimited storage)
- **Gmail:** Get a fresh start with email that has less spam
- **Sites:** Create, share, and publish websites
- **Hangouts/Meet (Currently not available to students on the scps.net G Suite for Education domain):** Collaborate with others in real-time by sharing documents and seeing each other face-to-face
- **Classroom:** Keep track of what's due on the Stream and begin working with just a click. Teachers can quickly see who has or hasn't completed the work, and provide direct, real-time feedback and grades
- **Docs:** Allows you to create different kinds of online documents, work on them in real time with other people, and store them in your Google Drive

Need More Information? We've Got You Covered.
