

III. Prevention and Intervention Activities

Whenever any student commits any reportable incident as set forth in this regulation, such student is required to participate in such prevention and intervention activities as deemed appropriate by the superintendent or superintendent’s designee.

The board develops, in cooperation with the local law-enforcement agencies, juvenile and domestic relations court judges and personnel, parents, and the community at large, programs to prevent violence and crime on school property and at school-sponsored events, which include prevention of hazing. Activities designed to prevent the recurrence of violence and crime, including hazing, may include such interventions as education relating to Virginia's criminal law, school crime lines, peer mediation, conflict resolution, community service requirements and any program focused on demonstrating the consequences of violence and crime. The school board may develop and use a network of volunteer services in implementing prevention activities.

IV. Purpose

The purpose of reporting acts of violence and substance abuse is to develop a program of prevention activities to provide a safe environment conducive to learning.
