

### **Military Service Academy and ROTC Scholarship Fitness Test Information**

The CFHS JROTC cadre will conduct a Candidate Fitness Assessment (CFA) and an ROTC Physical Fitness assessment for CFHS seniors pursuing an academy nomination or ROTC scholarship. Candidates are not obligated to take the test from JROTC cadre. Candidates are encouraged to research the requirements and authorized administrators on each academy's website, and prepare and practice in advance of the assessment. This survey is designed to facilitate the JROTC cadre in establishing testing dates and facilities and communicate specifics about the assessment with candidates who wish to take advantage of this opportunity. Prospective candidates should not input a test administrator into the application website until the individual actually takes the assessment. Please return this survey to the JROTC offices as soon as possible. You may also contact COL Strong or SGM Worthan at [strongma@staffordschools.net](mailto:strongma@staffordschools.net), or [worthanle@staffordschools.net](mailto:worthanle@staffordschools.net).
