

Conway ES Boundary Change Scenario A

Note: Elementary school enrollment totals are based on the September 30, 2021 official count. Map prepared in January 2022 by SCPS Planning & GIS

Highlights:

- Balances enrollment among 3 schools (Conway, Ferry Farm and Grafton Village)
- Reassigns 2 planning units (37+/- students) from Conway to Ferry Farm and 3 planning units (39+/- students) from Conway to Grafton Village
- Next year, (with reassignments) Ferry Farm (87%) and Grafton Village (96%) are slated to be under-capacity, while Conway (101%) is projected to be at-capacity (instead of 110% w/o boundary change).
- Five years after boundary change, Ferry Farm (91%) and Grafton Village (97%) are slated to be under- capacity, while Conway (104%) is slated to remain at-capacity (instead of 113% w/o boundary change).
- Creates “an island” for the Conway attendance zone
- No significant change to demographic balance

Subdivisions Slated for Reassignment:

Leeland Creek Estates, Upper Redoubt Heights, Song Subdivision, North Potomac Subdivision, Walnut Hill, Portion of Bel Air Heights, Portion of Leeland Heights, Belmont Hill, Ingleside, J.C. Russell, Falmouth, Clearview/Colonial Heights and Portion of Clairborne Run.
