

Root of the Week

gram, graph

“write”

EXAMPLES:

- **epigram**: a concise, clever, often paradoxical **written** statement or line of verse—“I am not young enough to know everything.” (Oscar Wilde)
- **seismograph**: an instrument used to detect and record earthquake activity
- **electroencephalogram**: record of the electrical activity of the brain
- **autobiography**: the story of one’s own life **written** by oneself
