

Admissions, Residency, and Attendance Required Admission and Registration Credentials for Students

I. PURPOSE To establish the admission credentials required for students entering Stafford County Public Schools (SCPS) for the first time.

II. ADMISSION REQUIREMENTS AND REGISTRATION CREDENTIALS

- **Proof of Residency** Residency is defined as the domicile of an individual, meaning that the individual lives in a locality with the intent to make it a fixed or permanent home. Domicile requires more than a bodily presence as an inhabitant in a given place, it requires bodily presence and eating and sleeping as a permanent home. Under no circumstances can a family or a student have two residences for school enrollment purposes. School staff must verify information provided to ensure the residence is located in Stafford County and that the student is enrolled in the school serving the residence area. Students new to Stafford County Public Schools (SCPS) will complete the registration process at the appropriate level school which serves their home address; unless a student transfer request has been approved for individual student needs. In this case, the student will register at the receiving school rather than at the base school. Residence in Stafford County in the base school's attendance area must be verified prior to beginning the registration process.

1. Proof of residence within the school's attendance zone is customarily required. One of the documents set forth below must be presented:

- a) Deed for residential property or contract, or current property tax bill for a residential property in Stafford County ; or

- f) If the family is living in a residence of a friend or relative, the homeowner or leaseholder must provide a Notarized Affidavit of residency attesting to bona fide residency in Stafford County regarding this fact (Attachment B) in addition to the lease or deed of the homeowner or leaseholder.

4. Certain other students may be admitted into the public schools of the division and may be charged tuition in accordance with Va. Code 22.1-5 and pursuant to SCPS Board regulations.

5. No child of a person on active military duty attending a school free of charge in accordance with this policy shall be charged tuition by the division upon such child's relocation to military housing located in another school division in the Commonwealth, pursuant to orders received by such child's parents to relocate to base housing and forfeit his military housing allowance. Such children shall be allowed to continue attending school in the division and shall not be charged tuition for attending such school. Such children shall be counted in the average daily membership of the division in which they are enrolled. Further, the division in which such children are enrolled subsequent to their relocation to base housing shall not be responsible for providing for their transportation to and from school.

6. Residency requirements also apply to emancipated students who have reached 18 years of age. The principal and his/her designee may defer one verification document for an individual who has recently established residency. The child should be provisionally enrolled with the additional verification provided within 60 days of enrollment.

- Proof Of Custody The student to be enrolled must be accompanied by the parent, court-appointed guardian, or legal custodian*. The accompanying adult may be required to present a photo identification card.

1. The child's legal name that is on the birth certificate shall be considered the student's official name and shall be entered in the SCPS student record. A court document attesting to a change of name is required before any changes can be made to the student record. Changes of name or other data in a foreign birth certificate must be supported by a document issued by the United States government or by an official identification document of the country of origin.

2. In circumstances of joint or shared custody, the residence of the child is determined by where the child spends the major portion of time. A baptismal record, a hospital record, a passport, or a bonafide record may be used as documentation in support of the affidavit.
