**PRE-ARRANGED ABSENCE REQUEST**

Family educational trips or vacations which require a student to be absent from school must be pre-arranged. **The student is responsible for securing any and all make-up work from his/her teachers prior to the trip.** Parents and students must be informed by their assistant principal of the probable effect of extended absenteeism upon the overall grades and averages for the affected marking period. It is generally understood that good attendance has a direct relationship to educational success. While a student may be allowed to make up missed work, the missed classroom instruction may be difficult to completely recover. Past experience has shown that occasionally students have difficulty with tests when they return from these trips.

**Pre-arranged absences may only be excused from disciplinary consequences; the absences will still count against the students' exam exemption.**
