North Stafford High School
839 Garrisonville Road
Stafford, VA 22554

Dear Parent/Guardian,

As a student in Stafford County Public Schools, your child has an exclusive opportunity to learn the value of saving, earning and investing with variety of student account options from Apple Federal Credit Union. Help your child develop an understanding of financial responsibility. Simply open a student account at the North Stafford High School Student-run Credit Union.

Start your child on the right track with an *eXtras Student Savings Account*. It gives students the opportunity to make deposits and withdrawals. They'll also learn about dividends and how a savings account can help them earn money.

With eXtras Student Savings students enjoy a premium 2.00% APY* on balances up to \$1,500. Additionally, there are no monthly service or minimum balance fees. A joint owner is not required for this account; however, it is available if you would like access to the account.

Apple Federal Credit Union will make the first \$5 starting deposit for all students who open an eXtras Student Savings Account. All you need to do is complete the enclosed application and return it to the North Stafford High School Student-run Credit Union Branch located in the school.

Right now, your child also has the opportunity to open an *eXtras Student Checking account* and FREE *eXtras Visa® Debit Card*. Just like the savings account, there are no monthly service or minimum balance fees. To open this account, students need a joint owner, which would give you the ability to help your child manage their finances.

Student accounts include FREE 24/7 access to Online and Text Banking, as well as Mobile Apps for Android™, iPad®, iPhone® and Kindle® devices, and numerous other benefits. For more information, you can visit AppleFCU.org.

The benefits of being an Apple Federal Credit Union member are endless. Don't miss this opportunity to join. For your convenience, an application is included with this letter. Simply fill it out, following the instructions on the back of this letter, and have your child bring it back to school in order to start their membership. We look forward to assisting your child with all of their banking needs.

Sincerely,

Robyn Darnell
